And think of what would happen when traveling in a desert and your car suddenly breaks down with no help around? Knowing just the essential survival skills could define your chances of living to tell your tale another day. Otherwise, you could be doomed. You might think someone would possibly come your way to save you. But remember, luck is no different from having your life hanging by a rotten thread. Of course, help may come, but sometimes, way too late. People who make it out of a survival situation are driven by something every time - to see their kids or wife again, etc. But no matter how hard you might try, if you do not know what it takes to survive...
