# RISK ASSESSMENT AND MANAGEMENT IN THE NETWORKED ECONOMY

Springer-Verlag Gmbh Aug 2012, 2012. Buch. Book Condition: Neu. 247x163x23 mm. Neuware - Risk and reward are always foremost in the determination of investment decisions and business transactions. Advances in the area of Information Communication Technologies (ICT) have enabled the development of new business paradigms. Such paradigms involve transactions taking place between loosely connected parties, often totally or partially unknown to one another. One important concept required to ensure such transactions are successful is transactional risk. The importance of doing...

*This publication can be well worth a study, and far better than other. Better then never, though i am quite late in start reading this one. Its been printed in an exceedingly simple way and it is only soon after i finished reading through this book in which really transformed me, alter the way in my opinion.*
