What s Your Strategy?: Children as Constructors: Building Strategies in Math (Paperback)

By Brooke Levecchi, Karen Mirkovich, Victoria Wilcox

AUTHORHOUSE, United States, 2004. Paperback. Book Condition: New. 277 x 211 mm. Language: English Brand New Book ***** Print on Demand *****.Teachers must meet the needs of all students in their mathematics instruction. This can be a challenge as students are very diverse in their conceptual knowledge and skills. What s Your Strategy? is written by three teachers that share their instructional strategies which have helped students achieve in the classroom and become mathematically literate. This book has a unique format. It is written by teachers for teachers, highlighting an effective model of instruction that the authors developed. The program has significantly changed how students learn math. The chapters address how students construct knowledge, how teachers can enhance math lessons, and personal vignettes of student learning are shared. The first part provides teachers with practical explanations of how to create and sustain a classroom where students build strategies to become effective problem-solvers. The second half of the book has many strategic math games, lessons, partner activities and resources to enhance math instruction. The appendix contains many variations of number charts, student and parent surveys, performance assessments, and templates for organizing lessons. Many of the activities are differentiated for various levels...

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
