Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.

(Prof. Damon Kautzer III)

BRINGING IT TO THE TABLE: ON FARMING AND FOOD

Counterpoint. Paperback. Book Condition: new. BRAND NEW, Bringing it to the Table: On Farming and Food, Wendell Berry, Only a farmer could delve so deeply into the origins of food, and only a writer of Wendell Berry's caliber could convey it with such conviction and eloquence. Long before organic produce was available at your local supermarket, Berry was farming with the purity of food in mind. For the last five decades, Berry has embodied mindful eating through his land practices and his writing. In recognition of that influence, Michael Pollan here offers an introduction to this wonderful collection. Drawn from more than thirty years of work, this collection joins bestsellers *The Omnivore's Dilemma*, by Pollan, and *Animal, Vegetable, Miracle*, by Barbara Kingsolver, as essential reading for anyone who cares about what they eat. The essays address such concerns as: How does organic measure up against locally grown? What are the differences between small and large farms, and how does that affect what you put on your dinner table? What can you do to support sustainable agriculture? A progenitor of the Slow Food movement, Wendell Berry reminds us all to take the time to understand the basics of what we ingest. "Eating is an agricultural act," he writes. Indeed, we are all players in the food economy.
