Hansen, Are you disorganized, chronically late, forgetful, or impulsive? Do you struggle to get your homework done, but never manage to turn it in on time? It may not be your fault. You might have executive functioning disorder (EFD), an attention disorder marked by an inability to stay on task that is common in people with learning disabilities. If you have tried to better manage your time and meet deadlines with little success, you may feel like giving up. The Executive Functioning Workbook for Teens is an easy-to-use, practical workbook written by a licensed school counselor, and it will provide you with the skills needed to get organized, retain information, communicate effectively, and perform well in school and everyday life.
